### ***Congressman Jon Runyan Goes to HealthSouth Rehabilitation Hospital of Toms River***

HealthSouth Rehabilitation Hospital recently had the pleasure to host Congressman John Runyan. While at the hospital, he visited with patients and staff members and met with the hospital's Community Advisory Board. HealthSouth's senior leadership and Community Board Members were able to showcase the outstanding clinical outcomes and programs at HealthSouth Toms Rivers and the important role the hospital plays in the local healthcare community.

"HealthSouth is proud of the role we play as an important component in the continuum of care for patients who need physical, occupational and speech therapies in order to get back home," stated Patty Ostaszewski, chief executive officer. "We are so pleased that Congressman Runyan took the time to visit our physicians, staff members and patients in an effort to become familiar with HealthSouth and our contribution to the healthcare community."

Congressman Runyan expressed his support by stating, "I am here to listen, take in ideas, and work together. My door is always open!"

HealthSouth Rehabilitation Hospitals of Toms River is an acute rehabilitation specialty hospital offering state-of-the-art technology, comprehensive inpatient and outpatient services, and an interdisciplinary team approach to the treatment of stroke and other neurological disorders, brain and spinal cord injury, amputations, orthopedic, cardiac and pulmonary conditions. HealthSouth Rehabilitation Hospital of Toms River is accredited by Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and has received the Disease Specific Certification for Brain Injury, Cardiac, Diabetes Mellitus and Stroke Rehabilitation.
