Congressman Jon Runyan,

We have learned of your intentions to introduce an amendment to add *additional* money to the F.I.R.E and S.A.F.E.R. acts. As you know the International Association of Fire Fighters has been the leading advocate for these programs. As you know, these programs help to ensure for all fire departments avenues that enable them to acquire the necessary resources to perform their primary function; protect the lives and property of the citizens.

On behalf of the Professional Firefighters Association of New Jersey, I want to thank you for offering amendments that would increase the SAFER and FIRE act level of funding for the New Jersey Firefighters and firefighters across our great Country.

Respectfully,

Dominick Marino
President
